

## School Calendar:

Prior adopting a calendar for the coming year, the Principal, the vice principal and the administration manager make the school Calendar, which include 180 working days. They consider possible schedules and finalize a calendar to be recommended to the School Board. The calendar is organized no later than August 15.

In case any necessary changes occur in the calendar during the school year, the Principal reorganizes the calendar and studies the issue. The principal may make such recommendations as it deems appropriate, and revisions come back to the School Board for approval.
